

Program: Doctoral Academic Studies –		
Course title: JUDICIAL CONTROL OF THE ADMINISTRATION IN COMPARATIVE LAW		
Teachers: Assistant Prof. Dr. Vuk Cucić, vukcucic@ius.bg.ac.rs		
Course status: optional - Administrative specific scientific area		
Number of ECTS: 10		
Requirements: /		
Aims of the course: The aim of this course is to enable candidates to broaden and deepen their knowledge of questions related to judicial control of the administration in comparative law.		
Course result: Candidates should acquire knowledge and skills, which would help them approach complex questions of judicial control of the administration in comparative law in a critical manner, as well as to conduct independent research in this area.		
Course content: <i>Theoretical lectures</i> The course covers current questions concerning the judicial control of the administration, and in particular: the systems of the judicial control of the administration, including their various classifications; crucial questions of administrative judiciary (regulation of the administrative judiciary, the relations with administrative legal remedies, types of claims and acts that are the subject of judicial review, control of discretionary administrative acts, legal remedies in the administrative dispute, deciding in full jurisdiction etc.); studying the system of judicial control of the administration, carried out by special administrative courts, on the case of the German administrative judiciary; systems in which control is conducted by the administrative-judiciary instances headed by a state council (which is, at the same time, the judicial and advisory body), on the case of the French administrative judiciary; systems in which control is conducted by regular courts, on the case of judicial control of the administration in England. <i>Practical classes</i> Entails groupwork in which students discuss desirable models of administrative judiciary, based on gained theoretical knowledge, and justify their positions, with a critical approach of other possibilities.
